THE above are *First Class, justly popular, and prompt paying* companies. They invite investigation into their condition and solicit business entirely upon their real merits. In point of solvency and reliability and honorable dealing, they have but *few equals, and no superiors*. They are founded upon the very best securities in the world—first class bonds and mortgages upon property in New York and Brooklyn—securities that have not, for the past ten years, depreciated below par, and are every way more reliable and permanent than railroad, bank, and other stocks, which are subject to the fluctuations of the market, and liable, *in times of panic*, as the experience of the past teaches, to become almost, if not entirely, valueless. And while there are Companies entering the field of competition, well calculated to mislead by publishing *partial and one-sided* statements of their condition, and without a cash surplus on hand sufficient to reinsure their outstanding risks, the above named companies always have and keep over and above their capital *twice* the amount, and in most instances *four* times, needed for the reinsurance of all their risks. With such a foundation, and with such a condition, they claim the right to look with confidence to the public for liberal patronage.

Policies issued without delay, and firms risks for a series of years taken at less rates than can be done by Mutual Companies, and a *certainty* given instead of an *uncertainty*. All losses promptly adjusted and paid.

New York Life Insurance Company,
CASH CAPITAL OVER - - - $1,000,000

NOTICE TO CONTRACTORS
AND
BUILDERS.
—:oxo:—
Important Discoveries and New Arrangements!

THE subscriber has discovered upon his premises a splendid

QUARRY OF FREESTONE,

which promises to surpass anything yet found in the state, as well as add to the many already developed resources of our city,

A Beautiful, Cheap and Durable Building Material,

He has made arrangements to work this, together with the justly celebrated

Monterey Lime Stone Quarry,

on a scale equal to the demands of our enterprising citizens, and in order to accommodate his numerous customers, he has made arrangements to keep constantly on hand a large supply of

ATHENS MARBLE

(or Chicago stone.) He is now fitting up extensive saw and scouring mills, and other machinery necessary for working the same, at a great reduction from former prices.

He also wishes to call attention to the fact that sound cutting or dimension stone can only be found at great distances from the surface, and that the Monterey Quarry is the only one in this county that has been worked far enough to reach those formations that are imperishable when exposed to the action of air and frost.

He is also supplying his Quarry with Derricks to facilitate the handling and loading large stone, and is fitting up expensive wagons, carts and trucks, rigged with the most approved appliances for moving and delivering dimension stone of any size, from two to thirty feet square, and from six to twenty inches thick, or any required length up to one hundred feet, to any part of the city or on board of the cars.

He is prepared to furnish

Cut Stone
of every description,
PLAIN, MOULDED, CARVED OR POLISHED FLAGGING
of any required dimension.
Curbing, Paving, Rubble and Coursing

stone of the best quality in the state, all of which will be delivered at his Quarries or any part of the city, to suit purchasers.

In conclusion, he begs to assure the public that from the superior quality of his materials, and facilities for furnishing, he can and will make it to their interests to patronize the Monterey Quarries.

All Orders from the city or country will be promptly attended to.

THE above are *First Class, justly popular, and prompt paying* companies. They invite investigation into their condition and solicit business entirely upon their real merits. In point of solvency and reliability and honorable dealing, they have but *few equals, and no superiors.* They are founded upon the very best securities in the world—first class bonds and mortgages upon property in New York and Brooklyn—securities that have not, for the past ten years, depreciated below par, and are every way more reliable and permanent than railroad, bank, and other stocks, which are subject to the fluctuations of the market, and liable, *in times of panic,* as the experience of the past teaches, to become almost, if not entirely, valueless. And while there are Companies entering the field of competition, well calculated to mislead by publishing *partial and one-sided* statements of their condition, and without a cash surplus on hand sufficient to reinsure their outstanding risks, the above named companies always have and keep over and above their capital *twice* the amount, and in most instances *four* times, needed for the reinsurance of all their risks. With such a foundation, and with such a condition, they claim the right to look with confidence to the public for liberal patronage.

Policies issued without delay, and farms risks for a series of years taken at less rates than can be done by Mutual Companies, and a *certainty* given instead of an *uncertainty.* All losses promptly adjusted and paid.

NOTICE TO CONTRACTORS
AND
BUILDERS.

Important Discoveries and New Arrangements!

THE subscriber has discovered upon his premises a splendid

QUARRY OF FREESTONE,

which promises to surpass anything yet found in the state, as well as add to the many already developed resources of our city,

A Beautiful, Cheap and Durable Building Material,

He has made arrangements to work this, together with the justly celebrated

Monterey Lime Stone Quarry,

on a scale equal to the demands of our enterprising citizens, and in order to accommodate his numerous customers, he has made arrangements to keep constantly on hand a large supply of

ATHENS MARBLE

(or Chicago stone.) He is now fitting up extensive saw and scouring mills, and other machinery necessary for working the same, at a great reduction from former prices.

He also wishes to call attention to the fact that sound cutting or dimension stone can only be found at great distances from the surface, and that the Monterey Quarry is the only one in this county that has been worked far enough to reach those formations that are imperishable when exposed to the action of air and frost.

He is also supplying his Quarry with Derricks to facilitate the handling and loading large stone, and is fitting up expensive wagons, carts and trucks, rigged with the most approved appliances for moving and delivering dimension stone of any size, from two to thirty feet square, and from six to twenty inches thick, or any required length up to one hundred feet, to any part of the city or on board of the cars.

He is prepared to furnish

Cut Stone
of every description,
PLAIN, MOULDED, CARVED OR POLISHED FLAGGING
of any required dimension.
Curbing, Paving, Rubie and Coursing

stone of the best quality in the state, all of which will be delivered at his Quarries or any part of the city, to suit purchasers.

In conclusion, he begs to assure the public that from the superior quality of his materials, and facilities for furnishing, he can and will make it to their interests to patronize the Monterey Quarries.

THE NEW YORK POST MASTER.—The defaulting post master, Fowler, is still invisible. It is believed by some that he has gone to Mexico or South America. He used $175,000 of the money of the government, which he lent or gave away to his friends. They made up a purse for him, it is said, to enable him to leave the country. It will be proved that this defalcation has been long known to the government. How else could it be under the sub-treasury act which requires settlements once a quarter? Such being the case it will be claimed by his sureties that the government must suffer the loss, inasmuch as they permitted the accounts of the post master to remain so long unsettled. This defence has in it an appearance of justice, and it would not be surprising in this instance, as in most others of this kind, if the government should get nothing. There is little use of taking bonds of a public officer; short settlements and continued watchfulness on the part of the people seem to be the only means left. As a beginning, such settlement should be had with the democratic party this fall; their corruption is so general that the people will consider it dangerous to permit many more of them to hold office for several years to come.

THE METHODIST CONFERENCE AND SLAVERY. The petitions and memorials in regard to a change of the rule in relation to slavery, presented to the general conference now in session at Buffalo, are against a repeal of the rule, 137 memorials from 32 annual conferences, signed by 3,999 memorialists and 39 quarterly conferences. For a change of the rule and for the extirpation of slavery, there had appeared 811 memorials from 33 annual conferences, signed by 45,857 memorialists and 49 quarterly conferences.

The discussion on this subject was opened on Wednesday last. The galleries of St. James Hall, in which the conference holds its sessions, and that part of the floor set apart for spectators was densely crowded. At 10 o'clock the special order was taken up, when Dr. Kingsley, in behalf of those in favor of a change of the rule of discipline on slavery, proposed that the subject should be settled by an immediate vote, without debate. The opponents of change, however, preferred debate, which was opened by Rev. Mr. Coombe of the Philadelphia conference. He was replied to by Rev. Mr. Moody of Cincinnati, and the discussion was closed for the day by a speech from Rev. Mr. Wilson of the Maryland conference, in opposition to a change of the rule. The debate will doubtless be exciting and protracted.

☞ A letter from Washington says that it is very obvious that some of the subordinates of the Japanese embassy are rapidly acquiring the "fast" habits of Young America, and not much to the credit of those who encourage these vicious tastes. Much doubt begins to be entertained whether any practical good will result from this mission.

☞ Senator Benjamin charges Douglas with purloining much of the language and arguments of the Harper's Magazine article, from Mr. Lincoln's speeches.

☞ The Japanese embassadors and part of their suite have visited both branches of Congress. They were followed by the usual throng of spectators. They did not appear much edified with the proceedings.

U. S. SENATE.—The U. S. Senate now stands, 25 republicans, 33 democrats and 2 Americans. The republicans have already gained one in Ohio, and expect to gain one in Pennsylvania. So that we shall probably have 28 senators at the beginning of the session on the 4th of March, and possibly two more from Kansas and two from Oregon. The Senate would stand politically in that case, democrats 35, republicans 32, and Americans 2. Kansas cannot be kept out much longer, and if not admitted now, she will be next winter.

☞ Since the nomination of Lincoln the north-west is given up and the nomination of Douglas by the democrats is ridiculed. For a time, after the defeat of Seward, Seymour of New York was talked of as the Baltimore nominee, but since it ascertained that there will be no republican dissatisfaction in that state, Breckenridge of Kentucky is talked of. The democrats hardly know what to do, whatever way they turn defeat stares them in the face.

☞ About a dozen democratic editors have already called the nomination of Lincoln "a wet blanket upon the republican party." Where is the next genius who will immortalize himself by putting forth this original idea?

Forney's Philadelphia Press believes that Lincoln's nomination is a galling and overwhelming democratic defeat, with any other candidate than Douglas. But the Journal of Commerce believes Pennsylvania is gone, any way, and the north-west; and that the battle ground must be in New York state, under Horatio Seymour.

For the Daily Gazette.

MESSRS. EDITORS:—Will you allow me once again to occupy a little space in answer to Tax-Payer as regards night police and street lights? Were these not matters that all are interested in, I would not intrude.

Mr. Tax-Payer starts out with the assertion that nine-tenths of the fires would be discovered as quick without police as with them. Now no candid person will believe that, as it would be one of the duties of the police to be on the lookout for fires, as well as to guard against disturbance by rowdies.—It is well known that we have a set of desperate characters here, who would not scruple to burn our whole town, as has been done in other places, if they could benefit themselves a penny by so doing. A police would be a great check to their operations, hence it is the duty of our council to guard against the danger, and not wait and "lock the door after the horse is stolen."

As for Mr. Tax-Payer's figuring on expenses, he shows that he *is* an alderman, or *should be* a congressman. He estimates the cost of six policeman, at $2 per day, at $4,380 per year. I estimate two policemen, at $1 per day, at $730 per year. One active man such as I am satisfied our efficient mayor would appoint, would be sufficient for each side of the river, and I believe our citizens would be willing to pay the extra tax for the same, knowing that the consequent peace of mind and saving of property would more than compensate them.

As for insurance, admitting that thus far the property destroyed has been covered by insurance, do we not all know that each loss increases the per centage we have to pay? and that our towns are rated by insurance companies like property—as "fair, hazardous and extra hazardous"? therefore, in the end, those who insure have to pay the losses, and the more we guard against losses, the less we have to pay for insurance.

As for his "fourthly," all I have to say is, that a portion of the $3,000 applied for current expenses would be better invested in a night police than in any other manner.

Now for the street lights. I judge from the way in which Tax-Payer speaks of street lights that he is in the council, and is sore on the subject. He says the gas fund has been or is nearly exhausted. Now I enquire how can that be when we have not had the street lamps lighted one-third of the time for the last year? There was a gas fund raised last year of $300 or $500, and if it is exhausted it must have been misapplied; but, as I see it, the fund for this year cannot have been exhausted. The general sentiment is, give us the light, or stop raising the tax for it. If the council do not fool away the money, why do they continue to erect gas posts when they cannot light those already up? This looks like foolish business, to say the least. I am "groping in the dark," but think it is out of the power or *inclination* of Tax-Payer to let me see the why and wherefore of some things. I am a tax-payer, and have paid my taxes promptly and fully. Can he say the same?

MR. LINCOLN ON NATURALIZATION AND FUSION.—The following letter from Mr. Lincoln, published over a year ago in the Illinois Staats Anzeiger, will be read with much interest:

SPRINGFIELD, ILL., May 17, 1859.

DR. THEO. CANISIUS—Dear Sir:—I have received your letter, in which you ask for yourself and other German citizens, whether I am for or against the constitutional provision in relation to naturalized citizens, which has lately been adopted in Massachusetts; and whether I am for or against a fusion of the republican and other opposition elements for the election campaign of 1860.

Massachusetts is a sovereign and independent state, and I have no title to advise or admonish her as to her course, what she shall do. But when any one, from that which she has done, seeks to draw a conclusion as to what I shall do, I may, without being charged with presumption, speak my mind. I say, then, that so far as I understand the Massachusetts amendment, I am against the adoption of the same, as well in Illinois, as in other places where I have the right to oppose it. Since I interpret the spirit of our institutions as tending to the elevation of man, I am opposed to everything which leads to his degradation.—Since, as is pretty well known, I commiserate the oppressed condition of the negroes, I should be guilty of a remarkable inconsistency, were I to favor any measure whose tendency is to abridge the existing rights of white men, whether born in another country, or speaking another language than my own.

As regards the question of a fusion of parties, I am for it if it can be effected upon a republican basis; upon no other terms am I in favor of it. A fusion upon any other terms would be as unwise as it would be unprincipled. Its effect would be to lose thereby the whole north, while the common enemy would carry the entire south. The question in relation to men is a very different one. There are good and patriotic men, and able statesmen in the south, whom I would cheerfully support, if they stood upon republican ground; but I am opposed to lowering the republican standard by so much as a hair's breadth.

I have written this in haste, but I believe that it substantially answers your questions.

Respectfully yours,
ABRAHAM LINCOLN.

THE MILWAUKEE DEFAULTERS.—The Free Democrat, of Saturday, says that Robert Lynch, late city clerk, was yesterday released from jail, Mr. Thomas Keogh and Mr. Miller becoming his securities in the sum of $3,000. It is understood that Mr. Lynch has conveyed property to these gentlemen to the full amount of the bail required.

Controller Gardiner yet remains in jail, although only $3,000 in addition to the $5,000 already pledged is now required for his release.

MILWAUKEE RATIFICATION MEETING.—The speakers at this meeting, day after to-morrow, will be John Wentworth and N. B. Judd, of Chicago, Gov. Randall and Mr. Schurz of this state.

The federal list in Utah is now almost an entire blank—no secretary to disburse funds and bring up the nation record; no agents, who will take care of the Indians; no national attorney, to prosecute; and but one poltroon to represent the bench, and the walls of the federal prisons are going to decay.

The Herald has a special dispatch from Washington to the effect that the Mexican minister has advices from Mexico announcing that the Miramon and Church party were utterly routed, and the liberals was in full possession of the capital.

WASHINGTON, May 27.

Our minister at China has thought the conduct of the Captains of the ships Messenger, Kitty Simpson, Gov. Warton, and Pioneer, as connected with the Coolie traffic, thus seriously affecting our relations with that empire, of sufficient importance to make it the subject of special despatch to our government.

The attention of the Governor General has been directed to the undisputed fact that the Chinese were taken on board their vessels lying at Whampoa by force, or fraud against a positive rule at port Canton; that they should be shipped only at their pleasure.

Minister Ward says no American house will have any connection with the traffic, but unfortunately ready agents are found among the English and other merchants of Hong Kong. American vessels are chartered by the subjects of other governments, and so odious has become the traffic, by recent transactions, that other governments have either forbiden their vessels to be engaged in it, or so restrained and regulated it as to throw it almost entirely into the hands of the Americans.

Mr. Ward expresses the earnest hope that congress will pass a law to punish such offenders who obstruct the faithful execution of treaty stipulations. He says the horrors of the Coolie traffic as conducted at Whampoa, cannot be properly described within the limits of a despatch.

The kidnapping grievance has become so intolerable that the governor general has been aroused to action, and at Canton rewards have been offered for the heads of foreigners.

The bill which Mr. Elliot has introduced into the house for the remedy of the evil, so far as American ship masters are concerned, is in accordance with the views of the state department.

Despatches received from Mexico confirm the accounts brought by the Pocahontas. The liberal government still manifests the utmost anxiety for the ratification of the treaty with the United States, with the proposed beneficial amendments. The hope will probably soon be gratified by our senate. The despatches promise such a succession of liberal victories as will terminate the struggle.

WASHINGTON, May 28.

In consequence of the accident to the Niagara, a new programme had to be made concerning the movement hence of the Japanese. They are anxious to return to their country at the earliest practical period. To-day they are receiving visits from the army and navy officers and their families, and others. Their stay in the cities north of Washington will necessarily be limited to a few days, where they will not receive visitors to the extent they have in this. Persons have come hither from distances of 500 miles purposely to see them.

HOUSE.—Mr. Corwin moved to postpone the consideration of the Pacific railroad bill.

After some debate, the motion to postpone was lost by a vote of 110 to 57.

The house concurred in the report of the committee of conference on disagreeing to the amendments to the West Point Academy bill, which in addition to the usual items appropriates $35,000 for the construction of officers' quarters. The provision for the mounted regiment of Texas volunteers omitted.

The house resumed the consideration of the Pacific railroad bill.

SENATE.—A large amount of routine business of no general interest was transacted.

A committee of conference on disagreeing to the votes of the two houses on the military academy bill was concurred in.

On motion of Mr. Doolittle, a resolution was adopted calling on the secretary of the interior for information as to the contracts for the extension of the patent office.

Mr. Dixon desired to offer the following resolution, and to say a few words by way of explanation.

Resolved, That in the execution of the order of the senate for the imprisonment of Thaddeus Hyatt the sergeant-at-arms be authorized and directed to remove the said Hyatt from the common jail in this city, and permit him to pass without restraint within the limits of the city of Washington.

Mr. Green objected to the resolution and the debate and the same lies over under the rule.

Mr. Dixon gave notice that he would call up the resolution to-morrow morning.

The steamship Australian, from Portland, arrived at Queenstown at 9:30 a. m. of the 16th. The steamship Vanderbilt, from N. Y., arrived at Southampton about an hour later. The news is interesting.

Garabaldi, with over 5,000 followers, had landed at Marsala, in Sicily, under the fire of two Neapolitan frigates. One of Garibaldi's steamers was captured, and the other sunk. The volunteers who landed were at the moment of the mail's departure engaged in fighting the Orial troops. Col. Medica was forwarding the preparations for another expedition, and 6,000 troops had been already enrolled.

It was asserted that the *enormous* diplomatic representations made to Piedmont would decide the government to prevent the departure of the second expedition.

Great agitation prevailed at Naples and Palmero.

Wheat market less active and easier—1,23 Milwaukee club. Rye firmer, 92. Barley quiet and unchanged. Corn lower, closing quiet at 53a62 unsound, 64a65 sound mixed western. Oats, 39½a42.

The Edinburgh Review (Scott's republication) for April is on our table, with its usual valuable table of contents, as follows: Commercial Relations of England and France; The Youth of Milton; Expense of Public Education in England; English Local Fomenclature; Civil Correspondence and Memoranda of the Duke of Wellington; DeBroglie's Church and Roman Empire; The Alleged Shakespeare Forgeries; Danin on the Origin of Species; France, Savoy and Switzerland.

ANOTHER PONY EXPRESS—THROUGH IN FIVE DAYS.—The Missouri Democrat learns that another pony express is to be started in opposition to Russell & Co.'s, and that news will be transmitted by it and the telegraph lines which it will connect, through from St. Louis to San Francisco in five days. The points to which the telegraph lines will be extended are Los Angelos on the California side, and Fort Tejon on the other. These station are fifteen hundred miles apart, and to make the distance between them in five days will require an average speed of 12½ miles per hour.

Dr. George B. Winship, "the strongest man in the world," is preparing a work on his system of physical culture, which will be published by a Boston house about the first of August. Coming from him, who is himself so striking an illustration of the subject, the book will no doubt be eagerly sought for in this age of muscle.

The New York Tribune of Thursday says, "We have seen a telegraphic despatch from Gov. Seward, to the effect that he shall resume his seat in the Senate about the first of June, unless sooner summoned to Washington by the need of his vote on some important measure."

AN ABSCONDER.—A Scotch Advocate named Blaikie, has suddenly failed and absconded, leaving liabilities estimated at two millions of dollars. He had long enjoyed a legal business at Aberdeen which probably brought him $50,000 a year. But this appears to have been insufficient, and he plunged into all kinds of speculations.—Many of the leading families of Aberdeenshire and Perthshire will be impoverished by his defalcations, and one Scotch nobleman, Lord Kintore, is likely, it is said to lose $700,000.

The amount of iron thus far used on the dome at the new Capitol at Washington, is about 2,500,000 lbs.; to complete the first section will require 500,000 pounds additional, making a total of 3,000,000. The total weight of iron for the whole dome will be about 15,000,000 pounds. This great weight will only be about 50 pounds to the square inch, in the thickness of the walls.

LOST CHILD.—Our city was thrown into quite an excitement on Monday night, on the announcement that a child of Mr. John Penallagen, a little boy about three years old, was missing and had not been seen since some time in the afternoon, when it was at play with its mates but a little way from home. The ringing of bells called together a large crowd, and almost the entire night was spent in fruitless search among the mineral holes, brush, &c. Indians having been seen about the outskirts of the city during the day, suspicion was fixed upon them as having carried off the child. Deputations were immediately sent in pursuit, but no trace of the child found with the Indians. Search was continued in every direction through the day on Tuesday, but no trace has been discovered of the little one.

The feelings of the distressed parent may be more easily imagined than described.—The mother, we learn, is frantic with grief. The sympathies of our citizens are manifested in every possible way, yet they cannot assuage the suffering of the distressed family.

FOUND.—Just as we were making up our form we learn that the child is found. It had wandered nearly a mile from home and fallen into a mineral hole some twelve feet deep, from which it was taken uninjured, and restored to its parents, after being lost over twenty-four hours.—*Mineral Point Tribune.*

AN ANTIDOTE FOR POISON.—The Rochester Union of May 12th, says:

Two or three days ago a lady of Avon took, by mistake, a quantity of corrosive sublimate, sufficient to have caused death, had not an antidote been speedily administered. The circumstances of the case are about as follows: The lady meant to taste some maple syrup, but a bottle of bed-bug poison had been carelessly left where the bottle of syrup had stood, and she took a small quantity before she discovered her mistake. Fortunately, a domestic who remembered the fatal poisoning case of Mrs. Nowlan, which occurred in Avon a few years ago, had the presence of mind to run to the poisoned lady with a pan of milk, of which she drank very freely, and also took the white of eggs so as to render the poison innocuous. She was soon out of danger. Let this antidote be remembered and used in similar cases.

Correspondence of the New York Tribune.

The Breaking Up of Austria.

TURIN, May 1, 1860.

The rotten state of Austria has been suddenly made more apparent than ever by the suicide of Baron Bruck, the renowned minister of finance, who, in order to escape the disgrace of being imprisoned on charge of fraud, cut his throat and opened the veins of his wrist, thus expatiating his swindle by voluntary death. It is difficult to realize the consternation produced by this tragic event in the society of Vienna, and the excitement of the population. Extravagant rumors are afloat about the sums embezzled by the minister; and the official journals, which were expected to hush up an event which throws a stain upon all the Austrian Administration, were the most eager to proclaim that the first servant of Francis Joseph's throne had destroyed himself at the moment when, by his unexpected dismissal, he saw that he could not escape a trial for fraud. The military party especially, mortified at the long series of defeat during the last war, now endeavor to direct public indignation against the civilians, and the emperor seems to feel that he is shaking his own authority by letting it be known that the man who has possessed his entire confidence ever since he ascended the throne was a common swindler. Within a month the manager of the Credit Mobiler has been thrown into prison; a director of the National (Imperial) Bank has shot himself, and now the Minister of Finance has cut his throat.

Who, under such circumstances, will be bold enough to assume the responsibility of conducting the money affairs of Austria without the disgrace of a bankruptcy? Mr. Plener, who is now at the head of the empty treasury, has already declared that he is unable to bring order into the financial confusion of the empire. The failure of the two last loans, the fraudulent issue of the state bonds, and the arrest of four of the richest bankers, who stood in business relations with all the great capitalists of the continent, make every appeal to the exchanges of Europe unavailing. A forced loan might easily drive Hungary into rebellion, and even the declaration of bankruptcy could not fill the treasury, since it would disturb the money market to an extent of which the military advisers of Francis Joseph have no idea. What is, then, the future of Austria to be?

In Hungary the imperial orders are already disregarded. The Protestants hold their meetings without heeding the protests of the political authorities, and even the arrest of the leading men fails to frighten the multitude. On the 20th of April about 7,000 Protestants assembled in the church of Debreczin, and, defying the threats of the imperial officials, transacted business as if Count Thum had never issued his notorious decree for the organization of the Protestant churches. On the following day the Calvinist Bishop Calogh was arrested and carried to Grosswardein for having taken the chair in this illegal meeting. When he arrived at the county prison he was received by the Roman Catholic students and inhabitants of the town, who were all dressed in mourning, with enthusiastic cheers. Confinement in prison has already become a distinction in Hungary. Martyrdom is sought, and the religious movement is taking a political color.

The result of such a state of things on the foreign relations of Austria is plainly visible. England, which until last year supported Austria as the natural counterpoise of France on the continent, has given her up as lost, and, without waiting to see how the great empire will break up, is concentrating her policy upon strengthening Prussia, which seems destined to absorb the greatest portion of Germany in the interest of the European balance of power. But Francis Joseph does not seem to see the breakers ahead. Supported by the small states of Germany, confiding in the principles of divine right, standing by the Jesuits and the Concordat as the only antidote against democracy, he continues to worry Prussia at Frankfort, though at the same time he is trying, by his uncle, the king of Saxony, once more to induce the Prince Regent to follow the baneful example of the Vienna cabinet. Thus the field is prepared for coming events.

THE JAPANESE.—The Washington correspondent of the Chicago Tribune says:

The Japanese still engross a large share of the public attention here. A better acquaintance with their habits, characteristics and tastes improves the general opinion of them throughout the community. The first ambassador represents, I understand, the liberalists in Japan, and the second ambassador the conservatives. Those who are posted say that Japan would not make a bad republic, inasmuch as her people are pervaded by a general spirit of industry.—It is most comical to witness a meeting between the president and the Japanese.—They are all between four and five feet high, and Old Buck looks like a giant beside them. The contrast between Gen. Scott and them was peculiarly striking. They have met the president several times. They enjoy hugely these interchanges of civilities with our dignitaries, evincing their gratification by a quiet and prolonged grin after the ceremony is over. The other evening I was amused to see them show their swords to Miss Lane. Each one came up in turn, and proudly drawing his sword or swords (the highest dignitaries wearing two) presented the hilt to her, and looked on gratified and delighted at her evident admiration of the workmanship displayed upon them. They are certainly wonderful weapons, and it is doubtful whether we have any in this country, or can make any that will compare with them. The steel is of the finest quality, and the blade is elegantly embellished. Everything yet learned in regard to Japan and the Japanese is favorable, and the opening of trade with that country bids fair to be of immense profit to our commerce. And should these people take a notion to emigrate to this country, there is a very good assurance that they would make peaceable and desirable citizens—far different from the Chinese.

THE MURDERERS OF LAURA HARVEY ARRESTED—BOTH FINALLY CAUGHT.—The Burlington (Iowa) Hawkeye says:—"Lawrence, the accomplice of Lant. McComb in the horrid murder of Laura Harvey, whom they had seduced, at Ottumwa, was arrested in Montrose on Friday by officers of justice from Keokuk. It appears this man has been staying in the vicinity of Keokuk, and excited suspicion by his close approximation to the description of Lawrence, and he has been watched. On the receipt of the news that McComb had been arrested at Council Bluffs, this fellow started from Keokuk in the cars at Montrose, and was off before the officers were aware of the fact.—A special train was despatched immediately with the officers on board, and he was arrested as stated. A card with the name of Laura Harvey written in full upon it was found in his pocket, and a rumor prevailed that in his valice were found letters of Miss Harvey's, thus identifying him as the man Lawrence without a doubt. The city marshall of Rockford, Ill., is at Ottumwa and the prisoner was sent there for identification by him."

No less than three murders have already occurred in this country because of quarrels growing out of the late prize fight; one in Albany, one in the western part of New York state, and the third in New Orleans.

The Tour to Beloit.

EDITORS GAZETTE:—Through the kindness of the High School pupils, I was favored with an invitation to accompany the excursion to Beloit on Friday, and with your permission, will give your readers the impressions received by the youths who participated:

At 11 o'clock, forty-four pupils, their teachers, two members of the board of education, and a few patrons, responded to the exhilarating signal, "all aboard," from the Milwaukee & Mississippi road's urbane conductor, Redington, and were rapidly propelled toward their destination. At Hanover they met, and attached their car to the Galena & Chicago Union train, under the careful conductorship of Mr. Powell, and again sped on their way.

To our young hearts, as to the older ones, nature never had displayed such a brilliant aspect of exuberant vegetation, as, when the scintillating rays first struggled aslant the threatening cloud, and the earth, fields and wood, rivaled one another in extreme beauty, and blent the shades so finely that the universal exclamation arose—

> "Never bloomed the earth so gaily,
> Never shown the sun so brightly,
> As to-day they bloom and blossom."

Arriving at Beloit, we wended our way to the High School building, when Mr. Tewksbury, the principal, bade us a cordial welcome, and immediately, in numbers of two, three or four, we were kindly invited to dine at the residences of citizens. At two o'clock we were again assembled at the building, when, school being "called," we witnessed the afternoon exercises, consisting of recitations, compositions and declamations. The responses of the pupils in their recitations, were prompt and accurate, showing much proficiency in demonstration and analysis, both in arithmetic and grammar. In the delivery of the declamations and essays, there was displayed much "refinement of taste," in diction, selection and compositions, and if I had time I would present the fair authoresses' names, instead of their themes, for the purpose of calling attention to three essays which were pronounced by the listeners more than ordinarily good. The subjects were, "Moses in the Wilderness," "Shirley," a criticism on Charlotte Bronte's work, and "Ireland and the Irish."

The exercises closed with remarks from Mr. Cass in behalf of his pupils, and from Messrs. Armstrong and Graham; the latter of whom, gave some excellent suggestions pertaining to the association of schools, as in the present case, and the Judge uttered some as finely turned periods as it has ever been our good fortune to hear.

The teachers, pupils and guests of both schools proceeded to the college buildings, and for two hours were kindly permitted the range of the premises, visiting the library, cabinet, chapel and grounds. At 6 o'clock our excursionists proceeded to the station, and soon left for home, with three hearty cheers for Beloit and its entertainment.

I will say for all the participators, that the entire delegation from Janesville returned with growing attachment for Mr. Tewksbury, his assistant and pupils, to whom we avow our grateful acknowledgements; to the citizens who magnanimously opened their doors to some forty strangers; and to the two roads, through their obliging agents, Messrs. Wm. B. Strong, and W. Abeel, who carried us safely over their runs.

I would beg the courteous landlord of the Bushnell House to accept my personal good wishes for kindness shown to some half-score of us boys.

And now, we only wait the signal from Beloit, to welcome them in return, as we most heartily wish to do, that we may form with them associations which shall grow with them, and shall at length see the two schools joined in such an union, as similarity of pursuit and mutual respect, together, and they alone, can engender.

THE NEW YORK POST MASTER.—The defaulting post master, Fowler, is still invisible. It is believed by some that he has gone to Mexico or South America. He used $178,000 of the money of the government, which he lent or gave away to his friends. They made up a purse for him, it is said, to enable him to leave the country. It will be proved that this defalcation has been long known to the government. How else could it be under the sub-treasury act which requires settlements once a quarter? Such being the case it will be claimed by his sureties that the government must suffer the loss, inasmuch as they permitted the accounts of the post master to remain so long unsettled. This defence has in it an appearance of justice, and it would not be surprising in this instance, as in most others of this kind, if the government should get nothing. There is little use of taking bonds of a public officer; short settlements and continued watchfulness on the part of the people seem to be the only means left. As a beginning, such settlement should be had with the democratic party this fall; their corruption is so general that the people will consider it dangerous to permit many more of them to hold office for several years to come.

THE METHODIST CONFERENCE AND SLAVERY.—The petitions and memorials in regard to a change of the rule in relation to slavery, presented to the general conference now in session at Buffalo, are against a repeal of the rule, 137 memorials from 32 annual conferences, signed by 3,999 memorialists and 39 quarterly conferences. For a change of the rule and for the extirpation of slavery, there had appeared 811 memorials from 33 annual conferences, signed by 45,857 memorialists and 49 quarterly conferences.

The discussion on this subject was opened on Wednesday last. The galleries of St. James Hall, in which the conference holds its sessions, and that part of the floor set apart for spectators was densely crowded. At 10 o'clock the special order was taken up, when Dr. Kingsley, in behalf of those in favor of a change of the rule of discipline on slavery, proposed that the subject should be settled by an immediate vote, without debate. The opponents of change, however, preferred debate, which was opened by Rev. Mr. Coombe of the Philadelphia conference. He was replied to by Rev. Mr. Moody of Cincinnati, and the discussion was closed for the day by a speech from Rev. Mr. Wilson of the Maryland conference, in opposition to a change of the rule. The debate will doubtless be exciting and protracted.

☞ A letter from Washington says that it is very obvious that some of the subordinates of the Japanese embassy are rapidly acquiring the "fast" habits of Young America, and not much to the credit of those who encourage these vicious tastes. Much doubt begins to be entertained whether any practical good will result from this mission.

☞ Senator Benjamin charges Douglas with purloining much of the language and arguments of the Harper's Magazine article, from Mr. Lincoln's speeches.

☞ The Japanese embassadors and part of their suite have visited both branches of Congress. They were followed by the usual throng of spectators. They did not appear much edified with the proceedings.

U. S. SENATE.—The U. S. Senate now stands, 25 republicans, 38 democrats and 2 Americans. The republicans have already gained one in Ohio, and expect to gain one in Pennsylvania. So that we shall probably have 28 senators at the beginning of the session on the 4th of March, and possibly two more from Kansas and two from Oregon. The Senate would stand politically, in that case, democrats 35, republicans 32, and Americans 2. Kansas cannot be kept out much longer, and if not admitted now, she will be next winter.

☞ Since the nomination of Lincoln the north-west is given up and the nomination of Douglas by the democrats is ridiculed. For a time, after the defeat of Seward, Seymour of New York was talked of as the Baltimore nominee, but since it ascertained that there will be no republican dissatisfaction in that state, Breckenridge of Kentucky is talked of. The democrats hardly know what to do, whatever way they turn defeat stares them in the face.

☞ About a dozen democratic editors have already called the nomination of Lincoln "a wet blanket upon the republican party." Where is the next genius who will immortalize himself by putting forth this original idea?

Forney's Philadelphia Press believes that Lincoln's nomination is a galling and overwhelming democratic defeat, with any other candidate than Douglas. But the Journal of Commerce believes Pennsylvania is gone, any way, and the north-west; and that the battle ground must be in New York state, under Horatio Seymour.

For the Daily Gazette.

MESSRS. EDITORS:—Will you allow me once again to occupy a little space in answer to Tax-Payer as regards night police and street lights? Were these not matters that all are interested in, I would not intrude.

Mr. Tax-Payer starts out with the assertion that nine-tenths of the fires would be discovered as quick without police as with them. Now no candid person will believe that, as it would be one of the duties of the police to be on the lookout for fires, as well as to guard against disturbance by rowdies.—It is well known that we have a set of desperate characters here, who would not scruple to burn our whole town, as has been done in other places, if they could benefit themselves a penny by so doing. A police would be a great check to their operations, hence it is the duty of our council to guard against the danger, and not wait and "lock the door after the horse is stolen."

As for Mr. Tax-Payer's figuring on expenses, he shows that he *is* an alderman, or *should be* a congressman. He estimates the cost of six policeman, at $2 per day, at $4,380 per year. I estimate two policemen, at $1 per day, at $730 per year. One active man such as I am satisfied our efficient mayor would appoint, would be sufficient for each side of the river, and I believe our citizens would be willing to pay the extra tax for the same, knowing that the consequent peace of mind and saving of property would more than compensate them.

As for insurance, admitting that thus far the property destroyed has been covered by insurance, do we not all know that each loss increases the per centage we have to pay? and that our towns are rated by insurance companies like property—as "fair, hazardous and extra hazardous"? therefore, in the end, those who insure have to pay the losses, and the more we guard against losses, the less we have to pay for insurance.

As for his "fourthly," all I have to say is, that a portion of the $3,000 applied for current expenses would be better invested in a night police than in any other manner.

Now for the street lights. I judge from the way in which Tax-Payer speaks of street lights that he is in the council, and is sore on the subject. He says the gas fund has been or is nearly exhausted. Now I enquire how can that be when we have not had the street lamps lighted one-third of the time for the last year? There was a gas fund raised last year of $300 or $500, and if it is exhausted it must have been misapplied; but, as I see it, the fund for this year cannot have been exhausted. The general sentiment is, give us the light, or stop raising the tax for it. If the council do not fool away the money, why do they continue to erect gas posts when they cannot light those already up? This looks like foolish business, to say the least. I am "groping in the dark," but think it is out of the power or *inclination* of Tax-Payer to let me see the why and wherefore of some things. I am a tax-payer, and have paid my taxes promptly and fully. Can he say the same?

Yours as before for N. P. & L.

MR. LINCOLN ON NATURALIZATION AND FUSION.—The following letter from Mr. Lincoln, published over a year ago in the Illinois Staats Anzeiger, will be read with much interest:

SPRINGFIELD, ILL., May 17, 1859.

DR. THEO. CANISIUS—Dear Sir:—I have received your letter, in which you ask for yourself and other German citizens, whether I am for or against the constitutional provision in relation to naturalized citizens, which has lately been adopted in Massachusetts; and whether I am for or against a fusion of the republican and other opposition elements for the election campaign of 1860.

Massachusetts is a sovereign and independent state, and I have no title to advise or admonish her as to her course, what she shall do. But when any one, from that which she has done, seeks to draw a conclusion as to what I shall do, I may, without being charged with presumption, speak my mind. I say, then, that so far as I understand the Massachusetts amendment, I am against the adoption of the same, as well in Illinois, as in other places where I have the right to oppose it. Since I interpret the spirit of our institutions as tending to the elevation of man, I am opposed to everything which leads to his degradation.—Since, as is pretty well known, I commiserate the oppressed condition of the negroes, I should be guilty of a remarkable inconsistency, were I to favor any measure whose tendency is to abridge the existing rights of white men, whether born in another country, or speaking another language than my own.

As regards the question of a fusion of parties, I am for it if it can be effected upon a republican basis; upon no other terms am I in favor of it. A fusion upon any other terms would be as unwise as it would be unprincipled. It effect would be to lose thereby the whole north, while the common enemy would carry the entire south. The question in relation to men is a very different one. There are good and patriotic men, and able statesmen in the south, whom I would cheerfully support, if they stood upon republican ground; but I am opposed to lowering the republican standard by so much as a hair's breadth.

I have written this in haste, but I believe that it substantially answers your questions.

Respectfully yours,
ABRAHAM LINCOLN.

THE MILWAUKEE DEFAULTERS.—The Free Democrat, of Saturday, says that Robert Lynch, late city clerk, was yesterday released from jail, Mr. Thomas Keogh and Mr. Miller becoming his securities in the sum of $8,000. It is understood that Mr. Lynch has conveyed property to these gentlemen to the full amount of the bail required.

Controller Gardiner yet remains in jail, although only $3,000 in addition to the $5,000 already pledged is now required for his release.

MILWAUKEE RATIFICATION MEETING.—The speakers at this meeting, day after to-morrow, will be John Wentworth and N. B. Judd, of Chicago, Gov. Randall and Mr. Schurz of this state.

The federal list in Utah is now almost an entire blank—no secretary to disburse funds and bring up the nation record; no agents, who will take care of the Indians; no national attorney, to prosecute; and but one poltroon to represent the bench, and the walls of the federal prisons are going to decay.

Telegraphic

REPORTED FOR THE DAILY GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE,
Office in Union Passenger Depot.

QUEBEC, May 27.

The steamship Canadian broke one of her cylinders in starting, yesterday, and was brought to just below. She proceeded on her way at one o'clock to-day, and passed Sight at 5 o'clock P. M.

BOSTON, May 27.

The jewelry store of Josiah Gooding, 83 Washington street, was robbed to-day of $8,000 worth of watches, chains and other jewelry.

NEW YORK, May 27.

The steamship Northern Light with California mails of the 5th and $1,500,000 in treasure, arrived Saturday night. California news anticipated. The Powhattan sailed from Panama May 16th for Philadelphia.

NEW YORK, May 28.

The steamer Mattawyas from Mattawyas has arrived. She reports a slight improvement in sugar and molasses.

The Herald has a special dispatch from Washington to the effect that the Mexican minister has advices from Mexico announcing that the Miramon and Church party were utterly routed, and the liberals was in full possession of the capital.

WASHINGTON, May 27.

Our minister at China has thought the conduct of the Captains of the ships Messenger, Kitty Simpson, Gov. Warton, and Pioneer, as connected with the Coolie traffic, thus seriously affecting our relations with that empire, of sufficient importance to make it the subject of special despatch to our government.

The attention of the Governor General has been directed to the undisputed fact that the Chinese were taken on board their vessels lying at Whampoa by force, or fraud against a positive rule at port Canton; that they should be shipped only at their pleasure.

Minister Ward says no American house will have any connection with the traffic, but unfortunately ready agents are found among the English and other merchants of Hong Kong. American vessels are chartered by the subjects of other governments, and so odious has become the traffic, by recent transactions, that other governments have either forbiden their vessels to be engaged in it, or so restrained and regulated it as to throw it almost entirely into the hands of the Americans.

Mr. Ward expresses the earnest hope that congress will pass a law to punish such offenders who obstruct the faithful execution of treaty stipulations. He says the horrors of the Coolie traffic as conducted at Whampoa, cannot be properly described within the limits of a despatch.

The kidnapping grievance has become so intolerable that the governor general has been aroused to action, and at Canton rewards have been offered for the heads of foreigners.

The bill which Mr. Elliot has introduced into the house for the remedy of the evil, so far as American ship masters are concerned, is in accordance with the views of the state department.

Despatches received from Mexico confirm the accounts brought by the Pocahontas. The liberal government still manifests the utmost anxiety for the ratification of the treaty with the United States, with the proposed beneficial amendments. The hope will probably soon be gratified by our senate. The despatches promise such a succession of liberal victories as will terminate the struggle.

WASHINGTON, May 28.

In consequence of the accident to the Niagara, a new programme had to be made concerning the movement hence of the Japanese. They are anxious to return to their country at the earliest practical period. To-day they are receiving visits from the army and navy officers and their families, and others. Their stay in the cities north of Washington will necessarily be limited to a few days, where they will not receive visitors to the extent they have in this. Persons have come hither from distances of 500 miles purposely to see them.

HOUSE.—Mr. Corwin moved to postpone the consideration of the Pacific railroad bill.

After some debate, the motion to postpone was lost by a vote of 110 to 57.

The house concurred in the report of the committee of conference on disagreeing to the amendments to the West Point Academy bill, which in addition to the usual items appropriates $35,000 for the construction of officers' quarters. The provision for the mounted regiment of Texas volunteers omitted.

The house resumed the consideration of the Pacific railroad bill.

SENATE.—A large amount of routine business of no general interest was transacted.

A committee of conference on disagreeing to the votes of the two houses on the military academy bill was concurred in.

On motion of Mr. Doolittle, a resolution was adopted calling on the secretary of the interior for information as to the contracts for the extension of the patent office.

Mr. Dixon desired to offer the following resolution, and to say a few words by way of explanation.

Resolved, That in the execution of the order of the senate for the imprisonment of Thaddeus Hyatt the sergeant-at-arms be authorized and directed to remove the said Hyatt from the common jail in this city, and permit him to pass without restraint within the limits of the city of Washington.

Mr. Green objected to the resolution and the debate and the same lies over under the rule.

Mr. Dixon gave notice that he would call up the resolution to-morrow morning.

FARTHER POINT, May 28.

The steamship Palestine, from Liverpool the 16th via Queenstown, passed here at 2 o'clock this a. m.

The steamship Australian, from Portland, arrived at Queenstown at 9:80 a. m. of the 16th. The steamship Vanderbilt, from N. Y., arrived at Southampton about an hour later. The news is interesting.

Garabaldi, with over 5,000 followers, had landed at Marsala, in Sicily, under the fire of two Neapolitan frigates. One of Garibaldi's steamers was captured, and the other sunk. The volunteers who landed were at the moment of the mail's departure engaged in fighting the Crial troops. Col. Medica was forwarding the preparations for another expedition, and 6,000 troops had been already enrolled.

It was asserted that the *enormous* diplomatic representations made to Piedmont would decide the government to prevent the departure of the second expedition.

Great agitation prevailed at Naples and Palmero.

Pulkinger, the defaulting cashier of the Union Bank, had been sentenced to twenty years of penal servitude.

Russia again menaces Turkey.

The Market.

NEW YORK, May 28.

Flour market opened quiet and drooping and afterwards became firmer—sales 1,700 bbls. 5,10a5,15 super state and western, 5,25a5,50 common to medium extra western. Rye flour steady, 3,50a420. Wheat market less active and easier—1,23 Milwaukee club. Rye firmer, 92. Barley quiet and unchanged. Corn lower, closing quiet at 53a62 unsound, 64a65 sound mixed western. Oats, 39½a42.

ALL SORTS OF PARAGRAPHS.

It is now thought that as many as one hundred men were lost by the sinking of coal boats during the fearful tornado which raged through the Ohio Valley on Monday last.

The bill for the construction of a telegraph line across the plains to the Pacific has passed the house. It provides for letting the contract to the lowest bidder. The secretary of the treasury is to advertise sixty days for proposals.

THE CIRCULIO.—A correspondent of the Country Gentleman says the circulio is adverse to the smell of burning soot, and states that a gentleman preserves his plums by burning soot under the trees at the time the circulio commences its ravages.

The Edinburgh Review (Scott's republication) for April is on our table, with its usual valuable table of contents, as follows: Commercial Relations of England and France; The Youth of Milton; Expense of Public Education in England; English Local Fomenclature; Civil Correspondence and Memoranda of the Duke of Wellington; DeBroglie's Church and Roman Empire; The Alleged Shakespeare Forgeries; Danin on the Origin of Species; France, Savoy and Switzerland.

ANOTHER PONY EXPRESS—THROUGH IN FIVE DAYS.—The Missouri Democrat learns that another pony express is to be started in opposition to Russell & Co.'s, and that news will be transmitted by it and the telegraph lines which it will connect, through from St. Louis to San Francisco in five days. The points to which the telegraph lines will be extended are Los Angelos on the California side, and Fort Tejon on the other. These station are fifteen hundred miles apart, and to make the distance between them in five days will require an average speed of 12½ miles per hour.

Dr. George B. Winship, "the strongest man in the world," is preparing a work on his system of physical culture, which will be published by a Boston house about the first of August. Coming from him, who is himself so striking an illustration of the subject, the book will no doubt be eagerly sought for in this age of muscle.

The New York Tribune of Thursday says, "We have seen a telegraphic despatch from Gov. Seward, to the effect that he shall resume his seat in the Senate about the first of June, unless sooner summoned to Washington by the need of his vote on some important measure."

Mr. Douglas is confined to his house at Washington by a severe attack in the throat, to which he has been occasionally subject for the last year or two.

Mazzini, in his proclamation calling the Sicilians to insurrection, formally renounces his idea of rallying the people of Italy for a republic, and declares that Italian unity can only be gained under Victor Emanuel.

AN ABSCONDER.—A Scotch Advocate named Blaikie, has suddenly failed and absconded, leaving liabilities estimated at two millions of dollars. He had long enjoyed a legal business at Aberdeen which probably brought him $50,000 a year. But this appears to have been insufficient, and he plunged into all kinds of speculations.—Many of the leading families of Aberdeenshire and Perthshire will be impoverished by his defalcations, and one Scotch nobleman, Lord Kintore, is likely, it is said to lose $700,000.

The amount of iron thus far used on the dome at the new Capitol at Washington, is about 2,500,000 lbs.; to complete the first section will require 500,000 pounds additional, making a total of 3,000,000. The total weight of iron for the whole dome will be about 15,000,000 pounds. This great weight will only be about 50 pounds to the square inch, in the thickness of the walls.

Paper is made in England out of spent hops, paper mills being now an economical addition to the extensive breweries of Burton on Trent. After drinking a glass of "Burton's ale" we may see the same article again in a sheet of paper!—says the New York Home Journal.

LOST CHILD.—Our city was thrown into quite an excitement on Monday night, on the announcement that a child of Mr. John Penallagen, a little boy about three years old, was missing and had not been seen since some time in the afternoon, when it was at play with its mates but a little way from home. The ringing of bells called together a large crowd, and almost the entire night was spent in fruitless search among the mineral holes, brush, &c. Indians having been seen about the outskirts of the city during the day, suspicion was fixed upon them as having carried off the child. Deputations were immediately sent in pursuit, but no trace of the child found with the Indians. Search was continued in every direction through the day on Tuesday, but no trace has been discovered of the little one.

The feelings of the distressed parent may be more easily imagined than described.—The mother, we learn, is frantic with grief. The sympathies of our citizens are manifested in every possible way, yet they cannot assuage the suffering of the distressed family.

FOUND.—Just as we were making up our form we learn that the child is found. It had wandered nearly a mile from home and fallen into a mineral hole some twelve feet deep, from which it was taken uninjured, and restored to its parents, after being lost over twenty-four hours.—*Mineral Point Tribune.*

AN ANTIDOTE FOR POISON.—The Roches Union of May 12th, says:

Two or three days ago a lady of Avon took, by mistake, a quantity of corrosive sublimate, sufficient to have caused death, had not an antidote been speedily administered. The circumstances of the case are about as follows: The lady meant to taste some maple syrup, but a bottle of bed-bug poison had been carelessly left where the bottle of syrup had stood, and she took a small quantity before she discovered her mistake. Fortunately, a domestic who remembered the fatal poisoning case of Mrs. Nowlan, which occurred in Avon a few years ago, had the presence of mind to run to the poisoned lady with a pan of milk, of which she drank very freely, and also took the white of eggs so as to render the poison innocuous. She was soon out of danger.

Let this antidote be remembered and used in similar cases.

The Breaking Up of Austria.

TURIN, May 1, 1860.

The rotten state of Austria has been suddenly made more apparent than ever by the suicide of Baron Bruck, the renowned minister of finance, who, in order to escape the disgrace of being imprisoned on charge of fraud, cut his throat and opened the veins of his wrist, thus expatiating his swindle by voluntary death. It is difficult to realize the consternation produced by this tragic event in the society of Vienna, and the excitement of the population. Extravagant rumors are afloat about the sums embezzled by the minister; and the official journals, which were expected to hush up an event which throws a stain upon all the Austrian Administration, were the most eager to proclaim that the first servant of Francis Joseph's throne had destroyed himself at the moment when, by his unexpected dismissal, he saw that he could not escape a trial for fraud. The military party especially, mortified at the long series of defeat during the last war, now endeavor to direct public indignation against the civilians, and the emperor seems to feel that he is shaking his own authority by letting it be known that the man who has possessed his entire confidence ever since he ascended the throne was a common swindler. Within a month the manager of the Credit Mobiler has been thrown into prison; a director of the National (Imperial) Bank has shot himself, and now the Minister of Finance has cut his throat.

Who, under such circumstances, will be bold enough to assume the responsibility of conducting the money affairs of Austria without the disgrace of a bankruptcy? Mr. Plener, who is now at the head of the empty treasury, has already declared that he is unable to bring order into the financial confusion of the empire. The failure of the two last loans, the fraudulent issue of the state bonds, and the arrest of four of the richest bankers, who stood in business relations with all the great capitalists of the continent, make every appeal to the exchanges of Europe unavailing. A forced loan might easily drive Hungary into rebellion, and even the declaration of bankruptcy could not fill the treasury, since it would disturb the money market to an extent of which the military advisers of Francis Joseph have no idea. What is, then, the future of Austria to be?

In Hungary the imperial orders are already disregarded. The Protestants hold their meetings without heeding the protests of the political authorities, and even the arrest of the leading men fails to frighten the multitude. On the 20th of April about 7,000 Protestants assembled in the church of Debreczin, and, defying the threats of the imperial officials, transacted business as if Count Thum had never issued his notorious decree for the organization of the Protestant churches. On the following day the Calvinist Bishop Calogh was arrested and carried to Grosswardein for having taken the chair in this illegal meeting. When he arrived at the county prison he was received by the Roman Catholic students and inhabitants of the town, who were all dressed in mourning, with enthusiastic cheers. Confinement in prison has already become a distinction in Hungary. Martyrdom is sought, and the religious movement is taking a political color.

The result of such a state of things on the foreign relations of Austria is plainly visible. England, which until last year supported Austria as the natural counterpoise of France on the continent, has given her up as lost, and, without waiting to see how the great empire will break up, is concentrating her policy upon strengthening Prussia, which seems destined to absorb the greatest portion of Germany in the interest of the European balance of power. But Francis Joseph does not seem to see the breakers ahead. Supported by the small states of Germany, confiding in the principles of divine right, standing by the Jesuits and the Concordat as the only antidote against democracy, he continues to worry Prussia at Frankfort, though at the same time he is trying, by his uncle, the king of Saxony, once more to induce the Prince Regent to follow the baneful example of the Vienna cabinet. Thus the field is prepared for coming events.

THE JAPANESE.—The Washington correspondent of the Chicago Tribune says:

The Japanese still engross a large share of the public attention here. A better acquaintance with their habits, characteristics and tastes improves the general opinion of them throughout the community. The first ambassador represents, I understand, the liberalists in Japan, and the second ambassador the conservatives. Those who are posted say that Japan would not make a bad republic, inasmuch as her people are pervaded by a general spirit of industry.—It is most comical to witness a meeting between the president and the Japanese.—They are all between four and five feet high, and Old Buck looks like a giant beside them. The contrast between Gen. Scott and them was peculiarly striking. They have met the president several times. They enjoy hugely these interchanges of civilities with our dignitaries, evincing their gratification by a quiet and prolonged grin after the ceremony is over. The other evening I was amused to see them show their swords to Miss Lane. Each one came up in turn, and proudly drawing his sword or swords (the highest dignitaries wearing two) presented the hilt to her, and looked on gratified and delighted at her evident admiration of the workmanship displayed upon them. They are certainly wonderful weapons, and it is doubtful whether we have any in this country, or can make any that will compare with them. The steel is of the finest quality, and the blade is elegantly embellished. Everything yet learned in regard to Japan and the Japanese is favorable, and the opening of trade with that country bids fair to be of immense profit to our commerce. And should these people take a notion to emigrate to this country, there is a very good assurance that they would make peaceable and desirable citizens—far different from the Chinese.

THE MURDERERS OF LAURA HARVEY ARRESTED—BOTH FINALLY CAUGHT.—The Burlington (Iowa) Hawkeye says:—"Lawrence, the accomplice of Lant. McComb in the horrid murder of Laura Harvey, whom they had seduced, at Ottumwa, was arrested in Montrose on Friday by officers of justice from Keokuk. It appears this man has been staying in the vicinity of Keokuk, and excited suspicion by his close approximation to the description of Lawrence, and he has been watched. On the receipt of the news that McComb had been arrested at Council Bluffs, this fellow started from Keokuk in the cars at Montrose, and was off before the officers were aware of the fact.—A special train was despatched immediately with the officers on board, and he was arrested as stated. A card with the name of Laura Harvey written in full upon it was found in his pocket, and a rumor prevailed that in his valice were found letters of Miss Harvey's, thus identifying him as the man Lawrence without a doubt. The city marshall of Rockford, Ill., is at Ottumwa and the prisoner was sent there for identification by him."

No less than three murders have already occurred in this country because of quarrels growing out of the late prize fight; one in Albany, one in the western part of New York state, and the third in New Orleans.

The Tour to Beloit.

EDITORS GAZETTE:—Through the kindness of the High School pupils, I was favored with an invitation to accompany the excursion to Beloit on Friday, and with your permission, will give your readers the impressions received by the youths who participated:

At 11 o'clock, forty-four pupils, their teachers, two members of the board of education, and a few patrons, responded to the exhilarating signal, "all aboard," from the Milwaukee & Mississippi road's urbane conductor, Redington, and were rapidly propelled toward their destination. At Hanover they met, and attached their car to the Galena & Chicago Union train, under the careful conductorship of Mr. Powell, and again sped on their way.

To our young hearts, as to the older ones, nature never had displayed such a brilliant aspect of exuberant vegetation, as, when the scintillating rays first struggled aslant the threatening cloud, and the earth, fields and wood, rivaled one another in extreme beauty, and blent the shades so finely that the universal exclamation arose—

"Never bloomed the earth so gaily,
Never shown the sun so brightly,
As to-day they bloom and blossom."

Arriving at Beloit, we wended our way to the High School building, when Mr. Tewksbury, the principal, bade us a cordial welcome, and immediately, in numbers of two, three or four, we were kindly invited to dine at the residences of citizens. At two o'clock we were again assembled at the building, when, school being "called," we witnessed the afternoon exercises, consisting of recitations, compositions and declamations. The responses of the pupils in their recitations, were prompt and accurate, showing much proficiency in demonstration and analysis, both in arithmetic and grammar. In the delivery of the declamations and essays, there was displayed much "refinement of taste," in diction, selection and compositions, and if I had time I would present the fair authoresses' names, instead of their themes, for the purpose of calling attention to three essays which were pronounced by the listeners more than ordinarily good. The subjects were, "Moses in the Wilderness," "Shirley," a criticism on Charlotte Bronte's work, and "Ireland and the Irish."

The exercises closed with remarks from Mr. Cass in behalf of his pupils, and from Messrs. Armstrong and Graham; the latter of whom, gave some excellent suggestions pertaining to the association of schools, as in the present case, and the Judge uttered some as finely turned periods as it has ever been our good fortune to hear.

The teachers, pupils and guests of both schools proceeded to the college buildings, and for two hours were kindly permitted the range of the premises, visiting the library, cabinet, chapel and grounds. At 6 o'clock our excursionists proceeded to the station, and soon left for home, with three hearty cheers for Beloit and its entertainment.

I will say for all the participators, that the entire delegation from Janesville returned with growing attachment for Mr. Tewksbury, his assistant and pupils, to whom we avow our grateful acknowledgements; to the citizens who magnanimously opened their doors to some forty strangers; and to the two roads, through their obliging agents, Messrs. Wm. B. Strong, and W. Abeel, who carried us safely over their runs.

I would beg the courteous landlord of the Bushnell House to accept my personal good wishes for kindness shown to some half-score of us boys.

And now, we only wait the signal from Beloit, to welcome them in return, as we most heartily wish to do, that we may form with them associations which shall grow with them, and shall at length see the two schools joined in such an union, as similarity of pursuit and mutual respect, together, and they alone, can engender. [illegible].—Another incendiary attempt was made in this city yesterday [illegible]. About 2 o'clock, the mail carrier [illegible] depot to the post office discovered [illegible] the store on the corner of Main and [illegible] streets, occupied by Fred. Clark. By a prompt effort the fire was subdued without [illegible] damage to the building, though [the stock] of Mr. Clark was considerably injured [illegible] of camphene which [illegible] over the floor to ensure [illegible]. Several articles, among [illegible] of meer-chaum pipes, was taken [from the] store of Mr. Clark, and a pair of [illegible] piece of cassimere from the [illegible] of Peterson & Myher, in the rear [illegible].

[illegible] repeated attempts at incendiarism [illegible] vigilance on the part of our [illegible] active efforts on the part of the [authori]ties to discover the criminals.—[illegible] Sunday morning had succeeded [illegible] loss of property, besides the [illegible] where the fire was set, would probably [illegible] the result.

[illegible] connection is one circumstance to [illegible] city authorities should give immediate [attention]. The dirt cleared from [illegible] street bridge has been thrown [illegible] through the scuttles prepared [for the ac]commodation of the fire engines [illegible] water, until a portion have been [illegible]. Yesterday morning when [illegible] companies dropped their hose [illegible] it fell into the dirt thus thrown [illegible] no water could be drawn. No matter [illegible] a conflagration might [illegible], but one engine could have [illegible] upon the burning buildings. At [illegible] will be remembered.

[illegible] Northward. A regular [illegible] has been established between [St.] P[aul] and the Red River country, and [illegible] intercourse is kept up between these [illegible]. The value of this intercourse to St. [Paul is] inestimable, if the future be taken [into con]sideration.

[illegible] The chinch bug has made its appearance quite early this season. A farmer [illegible] that rolling the land is a good preventive of the ravages of this insect. They [require] loose earth to live in, and will abandon [illegible] where the soil is compact. Their [movem]ents from one field to another may [be pr]evented by a deep furrow. They are [said] to be very fond of millet and feed [upon it] in preference to wheat or corn.—[illegible] is the most destructive enemy of the [illegible] in this region, farmers would do well [to study] its habits and seek the best methods of [co]unteracting its destructive propensities.

A Change of Proprietors.—Messrs. [illegible] & Fitch have sold the Milwaukee Free Democrat to C. C. Olin & Co. The editorial department will remain in the charge of C. L. Sholes, whose connection with it is a full guarantee that the paper will be ably and vigorously edited. We hope all the benefits anticipated from this change will be realised.

The wind is on a bender to-day.

☞ At a meeting of Rescue Hook and Ladder Co. No. 1, held at their house, the following resolutions were unanimously adopted:

Resolved, That we do hereby return our sincere thanks to Mr. Andrew Palmer and Son for the gentlemanly manner in which they opened their doors, and the hospitality shown one of our members, (Mr. Martin Locke,) who was seriously injured at the burning of Mr. Thompson's livery stable and adjoining buildings on the morning of May 18th.

Life Insurance.

Those desiring this *safest* and *cheapest* protection for their families, can secure it in our Wisconsin company. It has already become, in reality, a state institution, having agents and patrons among the best business men in all the principal towns in the state. It is no longer a matter of doubt that life insurance can be conducted as well in Wisconsin as in Connecticut or any other eastern state.

While duty demands that men should insure their lives, it also demands that they should keep their money for investment at home. Confident that our success has been more than equal to that of the most "unprecedented," we would cordially invite all our citizens to call at the office, southwest corner of Main and Wisconsin streets, and examine for themselves.

puff themselves, and as he is now upon his 'own hook,' he is determined that they shall be better and more acceptable to the public than ever. The people will now know where tobacco of all kinds and in all shapes, of the choicest variety, may be found. *BENTON'S IS THE PLACE.* Give him a call.

RECOMMENDATIONS FROM PRESIDENTS OF COLLEGES.

Within the last few weeks the publishers have received flattering testimonials of the merits of this edition, from nearly THIRTY Presidents of as many of the leading Colleges of the United States. Among them are from Presidents Frelinghuysen of Rutgers, Walker of Harvard, Hopkins of Williams, Stearns of Amherst, Cummings of Middletown, Nott of Union, Wayland of Providence, Jackson of Hobart, Woods of Brunswick, Lord of Dartmouth, Pease of Burlington, Ballou of Tufts, Gale of Galesville, Ciampi of Holy Cross, Murphy of Abington, Labaree of Middlebury, Andrews of Marietta, Fisher of Hamilton, Reed of Shurtliff, Sturtevant of Illinois, Reynolds of Illinois, Collins of Wilkinson, Anderson of Rochester, Wallace of Monmouth, Curtis of Knox, &c. In them are expressions like the following:—

"An honor to American science, taste and criticism." "An enduring value and authority." "Never found any work which so uniformly satisfied my inquiries." "Has ever since been my constant companion in my practice at the bar, and for the last five years upon the bench.—I have ever found it a safe counsellor, and an indispensable help in the preparation and decision of cases." "For the sake of my country and the English language, I rejoice in the wonderful standard excellence, as well as celebrity, your Dictionary has attained. It is a work for the present, and for all coming time." "Stands unquestionably preeminent." "There seems every prospect that it will be the standard book for this country, at least, if not for England. I am content it should be so." "This truly great and national work." "A complete apparatus for all purposes of reading and understanding English and American literature. It is difficult to conceive of anything that could be added to fit it for these ends." "A vast treasury of knowledge, the whole of which is needed by every one who uses the English language, either as a writer, a speaker, or a reader." "Ought to be a part of the furniture of every American house." "We long ago accepted Webster as the standard in our college, and the experience of every term strengthens our conviction of the wisdom of our choice." "So long as you continue to incorporate all the improvements which are developed in the science of lexicography," &c., &c.

Wide-Awake Club.

The Club met pursuant to adjournment, for the purpose of adopting regulations and electing officers for the Wide-Awake Club. The following regulations were adopted:

1st—This is a branch of the republican club of the city of Janesville, and shall be known as the "Wide-Awake Club."

2d—Any person who is, or before the next general election will attain the age of twenty-one years, and who is a republican, or who will vote for Lincoln and Hamlin electors, may become members of this club, *Provided*, that any person under twenty-one years of age who will provide himself with the uniform of this club may become a member thereof.

3d—Every person shall, before he is recognized as a member of this club, sign these articles.

4th—The officers of this club shall be a Captain and 1st, 2d, 3d and 4th Lieutenants. The Captain shall have command of the club at all times; in his absence the Lieutenants shall have the command in the order of their rank.

5th—No member of this club shall, while on duty or during any meeting of the club, drink or use any strong, intoxicating or ardent spirits or drinks. A violation of this article shall forfeit membership.

6th—Every member of this club shall attend all the meetings, whether regular or special; and when on duty or in attendance at the meetings, shall obey the officers in command, and shall at all times perform such duties as shall be required of him by the officers in command.

7th—It is the object of this club—

1st. To act as a political police.

2d. To do escort duty to all prominent republican speakers who visit our city to address our citizens.

3d. To attend all public meetings in a body and see that order is kept, and that the speaker and meeting is not disturbed.

4th. To attend the polls and see that justice is done every legal voter.

5th. To conduct ourselves in such a manner as to induce all republicans to join us.

6th. To be a body joined together in large numbers to work for the good of the republican ticket.

The following officers were then elected:

Captain—JOSEPH A. SLEEPER.
1st Lieut.—E. D. Tallman.
2d Lieut.—S. J. M. Putnam.
3d Lieut.—J. H. Balch.
4th—Lieut.—C. Loftus Martin.

On motion of J. A. Sleeper, Esq., a vote of thanks was tendered O. J. Dearborn for the record-book presented the club by him.

On motion of Mr. Spencer, the club adjourned to meet at the court room on next Tuesday evening.

All persons wishing to join the club can do so at its meeting on next Tuesday evening, or by calling at the office of E. D. Tallman and signing the above regulations.

The uniforms can be found at the clothing store of B. Bornheim, on Main street.

Those wishing to meet with the club on Tuesday evening next, should sign the regulations and procure their uniforms before that evening. A. A. JACKSON,
Secretary.

MORE INCENDIARISM.—Another incendiary attempt was made in this city yesterday morning. About 2 o'clock, the mail carrier from the depot to the post office discovered a fire in the store on the corner of Main and Milwaukee streets, occupied by Fred. Clark. By prompt effort the fire was subdued without material damage to the building, though the stock of Mr. Clark was considerably injured by the sediment of camphene which had been scattered over the floor to ensure a rapid combustion. Several articles, among them a lot of meerschaum pipes, was taken from the store of Mr. Clark, and a pair of boots and a piece of cassimere from the shoe shop of Peterson & Myher, in the rear of the building.

These repeated attempts at incendiarism call for great vigilance on the part of our citizens and active efforts on the part of the city authorities to discover the criminals.—If the attempt Sunday morning had succeeded, a large loss of property, besides the building where the fire was set, would probably have been the result.

In this connection is one circumstance to which the city authorities should give immediate attention. The dirt cleared from the Milwaukee street bridge has been thrown into the river through the scuttles prepared for the accommodation of the fire engines in taking water, until a portion have been rendered useless. Yesterday morning when one of the companies dropped their hose into the river it fell into the dirt thus thrown in, and no water could be drawn. No matter how extensive a conflagration might have occurred, but one engine could have played upon the burning buildings. At least, let *this* evil be remembered.

TRADE MOVING NORTHWRAD.—A regular line of stages has been established between St. Paul and the Red River country, and regular intercourse is kept up between these points. The value of this intercourse to St. Paul is inestimable, if the future be taken into consideration.

☞ The chinch bug has made its appearance quite early this season. A farmer suggests that rolling the land is a good preventive of the ravages of this insect. They require loose earth to live in, and will abandon fields where the soil is compact. Their movements from one field to another may be prevented by a deep furrow. They are said to be very fond of millet and feed upon it in preference to wheat or corn.—As this is the most destructive enemy of the wheat in this region, farmers would do well to study its habits and seek the best methods of counteracting its destructive propensities.

A CHANGE OF PROPRIETORS.—Messrs. Crounse & Fitch have sold the Milwaukee Free Democrat to C. C. Olin & Co. The editorial department will remain in the charge of C. L. Sholes, whose connection with it is a full guarantee that the paper will be ably and vigorously edited. We hope all the benefits anticipated from this change will be realised.

The wind is on a bender to-day.

☞ At a meeting of Rescue Hook and Ladder Co. No. 1, held at their house, the following resolutions were unanimously adopted:

Resolved, That we do hereby return our sincere thanks to Mr. Andrew Palmer and Son for the gentlemanly manner in which they opened their doors, and the hospitality shown one of our members, (Mr. Martin Locke,) who was seriously injured at the burning of Mr. Thompson's livery stable and adjoining buildings on the morning of May 18th.

Resolved, That we do also return our heartfelt thanks to Dr. R. B. Treat for the prompt manner in which he came to the relief of our disabled member.

Resolved, That such acts of kindness from our citizens will ever be remembered by the members of this company; and be it further—

Resolved, That we do hereby tender our thanks to the citizens living in the immediate vicinity, for the bountiful supply of refreshments furnished us after the above fire.

Resolved, That a copy of these resolutions be printed in the Janesville Daily Gazette.

EVANSVILLE SEMINARY.—The public examination at Evansville Seminary commences on the 18th of June and closes on the 20th. Public address will be delivered on Monday and Tuesday evening. The names of speakers will be announced hereafter.

Galena and Chicago Union Rail Road.

MESSRS. EDITORS:—An impression has gone abroad that in consequence of the G. & C. U. R. R. Co's trains not running to Janesville, we are unable to do your business on competing terms with the Chicago and Northwestern road. This is a mistake. If the business men of Janesville will order their goods delivered to the G. & C. U. R. R., at Chicago, they will come through on the same terms as over the Northwestern; and all goods and produce delivered to the Mil. & Miss. R. R., at Janesville, will be shipped on the same terms as over the Northwestern road.

Life Insurance.

Those desiring this *safest* and *cheapest* protection for their families, can secure it in our Wisconsin company. It has already become, in reality, a state institution, having agents and patrons among the best business men in all the principal towns in the state. It is no longer a matter of doubt that life insurance can be conducted as well in Wisconsin as in Connecticut or any other eastern state.

While duty demands that men should insure their lives, it also demands that they should keep their money for investment at home. Confident that our success has been more than equal to that of the most "unprecedented," we would cordially invite all our citizens to call at the office, southwest corner of Main and Wisconsin streets, and examine for themselves.

S. S. DAGGETT, President.
A. W. KELLOGG, Secretary.

☞ Messrs. Pixley & Harlow, produce dealers, and Capt. Geo. S. Dodge will receive applications for insurance in this home company, and will also be happy to give information as to the condition thereof, to any one desirous of being informed, in Janesville.

RECOMMENDATIONS FROM PRESIDENTS OF COLLEGES.

Within the last few weeks the publishers have received flattering testimonials of the merits of this edition, from nearly THIRTY PRESIDENTS of as many of the leading Colleges of the United States. Among them are from Presidents Frelinghuysen of Rutgers, Walker of Harvard, Hopkins of Williams, Stearns of Amherst, Cummings of Middletown, Nott of Union, Wayland of Providence, Jackson of Hobart, Woods of Brunswick, Lord of Dartmouth, Pease of Burlington, Ballou of Tufts, Gale of Galesville, Ciampi of Holy Cross, Murphy of Abington, Labaree of Middlebury, Andrews of Marietta, Fisher of Hamilton, Reed of Shurtliff, Sturtevant of Illinois, Reynolds of Illinois, Collins of Wilkinson, Anderson of Rochester, Wallace of Monmouth, Curtis of Knox &c. In them are expressions like the following:—

"An honor to American science, taste and criticism." "An enduring value and authority." "Never found any work which so uniformly satisfied my inquiries." "Has ever since been my constant companion in my practice at the bar, and for the last five years upon the bench.—I have ever found it a safe counsellor, and an indispensable help in the preparation and decision of cases." "For the sake of my country and the English language, I rejoice in the wonderful standard excellence, as well as celebrity, your Dictionary has attained. It is a work for the present, and for all coming time." "Stands unquestionably preeminent." "There seems every prospect that it will be the standard book for this country, at least, if not for England I am content it should be so." "This truly great and national work." "A complete apparatus for all purposes of reading and understanding English and American literature. It is difficult to conceive of anything that could be added to fit it for these ends." "A vast treasury of knowledge, the whole of which is needed by every one who uses the English language, either as a writer, a speaker, or a reader." "Ought to be a part of the furniture of every American house." "We long ago accepted Webster as the standard in our college, and the experience of every term strengthens our conviction of the wisdom of our choice." "So long as you continue to incorporate all the improvements which are developed in the science of lexicography," &c., &c.
